

We all sang to God in church today. Colour in the picture of people worshipping and giving glory to God.
Glory be to God forever!

Today we are back in the book of Jude.

He is writing to Christians to warn us about unfaithful people in the church and to encourage us to contend for the faith (we learnt about that last week!).

Jude tells us that Christians are beloved of God. That means God loves us so much.

We should build up our faith

Jude tells us that God loves Christians but the world doesn't.

So we need to persevere (that means to carry on even when it is really hard).

We should build ourselves up and **pray** in the Holy Spirit the way the bible teaches us to do.

Jude tells us to keep ourselves in the love of God by **devoting** ourselves to God and other Christians.

We are promised eternal **life** (that means living forever with God). How exciting! All our efforts will be worth it.

Lastly, Jude tells us to hate **sin** because it leads us away from God.

We have eternal life because of Jesus

Jesus helps us to stop sinning. We cannot do this without his help.

Jesus purifies us. This means when we do sin, he will **wash** us clean when we say sorry to God.

Our salvation should make us **joyful** and cause us to **glorify** God forever.

Pray with your grown up and ask God to help you build up your faith and persevere even when it is hard. Pray that you would glorify God forever.

Glorify
God
forever

Glorify
God
forever
